

Trouble Shooting

Symptom	Problem	Correction
Unbalanced Delivery	Sliding foot not aligned	Move sliding foot under body
Drifting to the right	Not Balanced	Move sliding foot to the left
Rocks curl too much	Soft Release	Apply faster turn
	Short Release	Release closer to hog line
	Turning at Release	Check Grip and Release clean
	Line of Delivery Outside/In	Maintain the Line of Delivery on Slide
Rocks don't curl enough	Turned out at Release	Check Grip and Release clean
	Hard Release	Apply slower turn
	Line of Delivery Inside/Out	Maintain the Line of Delivery on Release
Not generating enough power	Weight not shifting	Shift weight back
	Hips not elevated	Bring hips up and back
	Improper weight shift	Park; Delay sliding foot
	Too little leg drive	Push during weight shift
Draw weight stinks	Delivery lacks tempo	Raise hack foot in Hack
	Delivery too low	Raise head and upper body
